

MY EYE ON THE PRIZE daily drop tracker

Drop your way to prizes and happier days

Verkazia[®]
cyclosporine ophthalmic emulsion 0.1%

Keeping up with your daily eye drops can be difficult. This tracker can make it easier—and more importantly, rewarding—to stay on top of your drops.

So start droppin'. ... You've got this!

JAN FEB MAR APR MAY JUN JUL AUG SEP OCT NOV DEC

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday	Weekly Summary
							PRIZE <input type="checkbox"/> Earned POSITIVE CHANGE _____
							PRIZE <input type="checkbox"/> Earned POSITIVE CHANGE _____
							PRIZE <input type="checkbox"/> Earned POSITIVE CHANGE _____
							PRIZE <input type="checkbox"/> Earned POSITIVE CHANGE _____
							PRIZE <input type="checkbox"/> Earned POSITIVE CHANGE _____

At the beginning of each month...

- Circle the month at the top (use only a dry erase marker when writing on the tracker)
- Write the date in the upper-left corner of each daily square
- Agree with the child on a prize for successfully taking their eye drops each week, and write it in the Weekly Summary column

Every day...

- Check one of the circles after the child takes each of the 4 daily doses

At the end of each week...

- Check the circle if the prize has been earned
- Write in any positive changes from the child taking their eye drops—like activities they can do more easily, or eye symptoms that have improved
- Note any doctor's appointments for the following week on the appropriate day

At the end of each month...

- Take a photo of the completed monthly tracker to show the doctor
- Erase the tracker, so it's clean and ready to start the next month
